

UK RS Tera Class Association

Secure handling, use, storage, retention and disposal of DBS Disclosure certificates and certificate information

General Principles

As an organisation using the Disclosure and Barring (DBS) checking service to help assess the suitability of applicants for positions of trust, the UKRS Tera Class Association (UKRSTCA) complies fully with the DBS Code of Practice regarding the correct handling, use, storage, retention and disposal of certificates and certificate information. It also complies fully with its obligations under the General Data Protection Regulations (GDPR), the Data Protection Act 2018 and other relevant legislation pertaining to the safe handling, use, storage, retention, and disposal of certificate information and has a written policy on these matters, which is available to those who wish to see it on request.

Storage and Access

Certificate information is kept securely, in lockable, non-portable, storage containers or on a password protected computer with access strictly controlled and limited to those who are entitled to see it as part of their duties.

Handling

In accordance with Section 124 of the Police Act 1997, certificate information is only passed to those who are authorised to receive it in the course of their duties. We maintain a record of all those to whom certificates, or certificate information have been revealed and it is a criminal offence to pass this information to anyone who is not entitled to receive it.

Usage

Certificate information is only used for the specific purpose for which it was requested and for which the applicant's full consent has been given.

Retention

Once a recruitment (or other relevant) decision has been made, we do not keep certificate information for any longer than is necessary. This retention will allow for the consideration and resolution of any disputes or complaints or be for the purpose of completing safeguarding audits. Throughout this time, the usual conditions regarding safe storage and strictly controlled access will prevail.

Disposal

Once the retention period has elapsed, we will ensure that any DBS

certificate information is immediately destroyed by secure means, for example by shredding, pulping or burning, or securely deleted from a computer system. While awaiting destruction, certificate information will not be kept in any insecure receptacle (e.g., waste bin or confidential waste sack).

We will not keep any photocopy or other image of the certificate or any copy or representation of the contents of a certificate. However, notwithstanding the above, we may keep a record of the date of issue of a Disclosure, the name of the subject, the type of certificate requested, the position for which the certificate was requested, the unique reference number of the certificate and the details of the recruitment decision taken.

Acting as an Umbrella Body

Before acting as an Umbrella Body (an Umbrella Body being a Registered Body which countersigns applications and receives certificate information on behalf of other employers or recruiting organisations), we will take all reasonable steps to satisfy ourselves that they will handle, use, store, retain and dispose of certificate information in full compliance with the Code of Practice and in full accordance with this policy.

We will also ensure that anybody or individual, at whose request applications for DBS certificates are countersigned, as such a written policy and, if necessary, will provide a sample policy for that body or individual to use or adapt for this purpose.
